ORDER RETURNING UNDOCKETED APPEAL

This application was received electronically at the Board of Patent Appeals and Interferences on April 15, 2008. A review of the application has revealed that the application is not ready for docketing as an appeal. Accordingly, the application is

herewith being returned to the examiner. The matter requiring attention prior to docketing is identified below:

The Examiner's Answer mailed on September 11, 2007, includes a rejection for claim 45, under 37 CFR 103(a). The reference relied upon for the rejection of the claim on appeal includes a foreign reference WO 96/10463. No full English translation of the above reference has been provided. Rather, the Examiner relies upon an English translation of the abstract and provides a copy of the untranslated foreign reference.

The Examiner must provide a complete English translation of any foreign reference relied upon in the rejection of the claims on appeal. Further, a copy of the English translation should be mailed to appellant and forwarded for scanning into the electronic file.

Accordingly, it is

ORDERED that the application is returned to the Examiner for:

- 1) to obtain a certified English translation of WO 96/10463;
- 2) having the certified English translation entered into the electronic; and
- 3) for such further action as may be appropriate.

If there are any questions pertaining to this Order, please contact the Board of Patent Appeals and Interferences at 571-272-9797.
